

KITCHEN CLEAN UP FACT SHEET

DISHWASHERS

Move from professional cooking to quiet, efficient clean up with a Viking dishwasher. Quality materials, meticulous construction, and precise engineering add up to one of the world's quietest dishwashers.

- ✓ Interior lighting and fully usable graphite nylon racks for convenient loading
- ✓ Stainless steel tanks and inner doors
- ✓ Motorized Convect-Air™ drying removes moisture
- ✓ Triple filtration system prevents recirculation of food particles
- ✓ Available in stainless steel, black, white, and 7 designer colors

DISPOSERS

This professional series of disposers features the most powerful motor of any residential disposer.

- ✓ Full shell insulation and isolating gaskets absorb sound and reduce vibration
- ✓ Power Plus Jam-inator™ completely pulverizes even the most stubborn jams
- ✓ Automatically reversing cast stainless steel grind wheels
- ✓ Cast nickel/chrome/iron shredding rings provide over 1.5 million cuttings per minute
- ✓ Available in continuous feed or batch feed

COMPACTORS

The Viking commercial style 18" wide compactor can be installed undercounter or converted for use as a freestanding unit.

- ✓ Activated charcoal filters with fan capture and eliminate odors
- ✓ 1.7 cubic foot trash drawer – the largest available today
- ✓ Built-in small litter area allows loading without opening the large drawer – even while the unit is operating
- ✓ Built-in storage compartment for bags and other clean up supplies
- ✓ Available in stainless steel, black, white, and 7 designer colors
